

Creating Art from Recycled Materials

Presented by: ZeroLandfill™, a program of Beedance, LLC

Session 1—March 22, 2012

Session 2—April 17, 2012

Nurture your students' creativity and inspiration focusing on the environment by recycling found materials! Learn to create books from recycled materials with ZeroLandfill™ artists in two two-hour workshops using fabric, wallcoverings, vinyl tile, and other materials "harvested" by ZeroLandfill™. Sessions are open to educators from all disciplines who want to experiment and inspire with found materials to use in the classroom. Share lesson ideas, create hands-on-projects, network with colleagues and acquire materials for teaching and creating during these interactive sessions.
